

J. BULL AND SAM PULL TOGETHER

Germans Say They Have an Understanding.

ENGLAND TO HELP US IN THE PHILIPPINES.

Politicians Assert That This Fact, More Than the Fashoda Incident, is Responsible for the British War Preparations—Uncle Sam to Cede Some of the Islands to Our English Cousins—Egyptian Question May Reopen.

London, Nov. 5.—[Special].—A dispatch from Berlin says that it is asserted in political circles in that city that the British war preparations were not so much the result of the Fashoda incident, as because of an agreement with the United States regarding the Philippine question. It is claimed here that the two countries have combined in the matter and that the United States intends to cede some of the islands to England or at any rate give John Bull a coaling station.

The dispatch has caused a sensation in Berlin.

London, Nov. 5.—[Special].—An additional force of one hundred men arrived at the Doverport docks today to expedite the coaling of the ships that are being put in readiness for sea.

FEAR EGYPTIAN QUESTION.

Papers Comment Freely On the Withdrawal of French Troops.

London, Nov. 5.—[Special].—The morning papers comment freely on the withdrawal of the French from Fashoda, and the settlement for the moment, of the acute crisis that confronted France and England. At the same time they point to Lord Salisbury's guarded words which disclosed what difficulties had not been entirely solved. All fear the reopening of the Egyptian question as a whole.

WAS A SPLENDID LECTURE

Miss Marie C. Brehm's Lecture at the Y. M. C. A. Auditorium Last Evening.

Miss Marie C. Brehm's lecture at the Y. M. C. A. auditorium last evening on "The Mission of the W. C. T. U." was all that was hoped for and more. A good sized audience greeted her and many times applauded her. She is a fine and pleasing speaker and the points of her lecture were well taken. She very fully and clearly demonstrated that the W. C. T. U. has done, and is doing untold good in its many lines of work and in emancipating ruined humanity. Many expressed themselves highly entertained and those who did not come missed a rare treat.

Patriotic Service.

On the eve of election patriotic services are in order in the churches. The G. A. B. and W. R. Corps will attend the Baptist church tomorrow morning and listen to a sermon by Rev. A. C. Kempton in "The Price of Peace," dealing not with the recent war but especially with the civil war in which these heroes fought and suffered. All patriots are invited.

AN AMERICAN ENTERPRISE

Pluck and Energy Shown By the American Art Pub. Co.

It is proverbial that American enterprise knows no limit and was aptly illustrated in the example of a well known firm, the American Art Publishing Co., having headquarters in New York, Chicago and San Francisco.

They employed a corps of artists and correspondents to travel with our army and navy and collected a series of photos accompanied by interesting descriptions of every engagement and have also at the present time correspondents in our recent possessions securing photos of beautiful scenery.

Having recently completed a beautiful series of portfolios illustrating the picturesque and historic parts of America and Europe, they are combining the series, producing a work which the critics declare is the most interesting publication both from an artistic and literary standpoint published in recent years.

Another example of their enterprise is their manner of introducing and advertising the work which consists in sending men three weeks in advance of their solicitors to secure fifty names as reference in each city.

In return for the permission to use their names the advertisers in the portfolio furnish some valuable and very interesting premiums.

The publishers are fortunate in having in addition to their own excellent reputation the names of well known firms and corporations as advertisers whose names are a guarantee that the premiums are well worth possessing.

The firms representatives are at present in the city and are meeting with success here, showing that the citizens of Janesville always appreciate American pluck, energy and enterprise.

REV. WOODMANSEE DIES

Well Known Man Succumbs to Cancer of the Stomach at Wauwatosa.

Wauwatosa, Nov. 5.—The Rev. William Woodmansee, assistant superintendent of the Children's Home society, of Wisconsin, died at his residence in Wauwatosa early yesterday morning of cancer of the stomach. He had suffered from this disease more or less during the past ten years.

Miss Esther Bailey.

Miss Esther Bailey, the eleven year old daughter of Mr. and Mrs. Albert W. Bailey, Eastern avenue, died at 7 o'clock last evening at the home of her parents. The child had been sick some days, but the case was not considered dangerous. Yesterday morning, however, a change for the worse came. Stomach difficulty, with which she had suffered for some time finally resulted in telescoping of the bowels.

The afflicted parents have the sympathy of all in the hour of their sorrow. The funeral will be held from the home Sunday afternoon and the interment will be made at Oak Hill.

Mrs. Fred Buskirk.

Mrs. Fred Buskirk, of the town of the Town of Rock, died Friday at 6 p. m., aged twenty seven years. Besides a husband and three children she leaves a father and mother, Mr. and Mrs. John Zeabel, and one brother, Chas. Zeabel. LATTER DAY SAINTS HERE

Elders Knopp and Jorgensen to Work Among Janesville People

Elders James E. Knopp, who has been laboring at Milwaukee for the past five months, and Soren Jorgensen, of the Church of Jesus Christ of Latter Day Saints, more generally known as Mormons, have arrived in the city and will take up labor with the people at their residences. They expect to remain in this city all winter.

"Now is the time to learn of Mormonism in its true light from the side of a friend. All we ask is a hearing and your candid consideration of the principles we may advance," said Elder Knopp today.

TO KILL ANOTHER "DOG."

The Khalifa Sends a Significant Reply to Marchand.

New York, Nov. 5.—A dispatch to the Times from London says: "A story of the greatest gravity, circulating among persons in touch with official quarters, alleges that when Marchand reached Fashoda he sent two messengers with three French flags to the khalifa and a letter saying if the khalifa hoisted these flags at Omdurman he would be under the protection of the great French nation and the British would not fire upon him.

"The khalifa replied that two British 'dogs' had attacked Sudan; one 'dog' named Gordon had been killed, while the other 'dog' named Kitchener he was about to kill.

"He would then wipe out the French.

"Both of these letters and the three flags are said to have been captured by the sirdar's officers.

"If this be confirmed, it is obvious that public opinion here will be inflamed at the discovery of the fact that a French agent offered protection to the khalifa while the French government congratulated the British government on a victory for the sake of civilization."

R. M. LA FOLLETTE WRITES A LETTER

REGRETS THAT HE CANNOT TAKE PART.

With a Platform Condemning Pass Evil, Corrupt Lobby, Demanding a Primary Election Law and Honest Taxation, There Should Be No Apologies—State Politics.

The Milwaukee Sentinel publishes this dispatch from Madison: Madison, Wis., Nov. 5.—Ernest N. Warner, of Madison, tonight made a political address at Primrose, Dane county, the home of R. M. La Follette. Mr. Warner went there in a sense as the representative of Mr. La Follette, and carried with him the following letter, which Mr. La Follette had written to his old neighbors from his sick bed: Madison, Wis., Oct. 28.—To the Primrose Friends and Especially the Band Boys—Dear Friends All—I send you this line from my sick bed to tell you

WISCONSIN REPUBLICAN BY 30,000 TO 50,000.

I feel absolutely certain that we shall carry the state by not less than 30,000, and probably 50,000; possibly some will not run so high.

I feel also absolutely certain that we shall elect sixty-five members of the assembly, and we have a right to believe that we shall elect seventeen more. I cannot see where the democrats can be positive of the election of over eighteen.

Of the seventeen senators to be elected we are absolutely confident of nine, fairly confident of four more, and will concede four to the democrats.

I feel quite positive we shall elect all ten of the congressmen. The Second district is the only one that is at all close.

We have conducted what I can call a very clean campaign. We have not indulged in any personalities in any respect, while the democrats have conducted their campaign entirely upon personalities. The charges against Gov. Scofield are absolute false. He is a clean, honest and honorable man, and he has made one of the best business governors we have had since the time of Washburn. It seems to me that any campaign which is conducted on only personal issues is almost too thin to be recognized.

J. B. TREAT,

Chairman of the Republican State Committee.

how more than sorry I am that I cannot be with you in this campaign. The verdict of my physician is, however, that I will not be able to leave the house for ten days or two weeks, anyway. Before I was taken down I had promised Uncle Eli to come to you for one meeting, and one of the greatest regrets I have in not being able to get into the campaign is that I cannot keep this date with you. Everything that Uncle Eli could do he has done, but it is simply impossible.

"I regret my inability to take part in the campaign also because it seems to me we never had such an opportunity to make a fight on state issues. With a platform condemning the pass evil and the corrupt lobby, demanding a primary election law and the honest taxation of all property, it seems to me we ought to spend no time in making apologies. Never for years has there been such important questions at issue in state politics, and it is very hard for me to stay out of the campaign.

"With kindest greetings to everyone of you, my good friends, I am, as of yore, "Bob."

GOVERNOR SCOFIELD SPEAKS.

Makes the First Address He Has Delivered in the Campaign.

Oconto, Wis., Nov. 5.—Gov. Scofield made the first speech that he has delivered in this campaign at the opera house last night, and a big audience was present. The governor's address was brief. He said:

"Mr. Chairman, Neighbors and Friends: Two years ago I stood upon this platform and made a pledge to perform the duties of governor to the best of my ability. Ever since the day when I raised my hand to high heaven and promised fealty to the constitution I have never put my signature to a paper without thinking of that obligation. My friends, I am not here to make a speech, but to meet my neighbors and friends. We have a gentleman here tonight who will speak to you, and I thank you for the handsome meeting you have given him.

Senator Spooner also spoke, making an unusually effective speech.

Monday evening Gov. Scofield will speak at Marinette.

How Could It Be Otherwise.

Store filled to its utmost capacity with eager buyers all day; such an extraordinary offer of a pair of rubbers for every pair of shoes could not be resisted. You know from past experience our prices are always the lowest. Besides this you get the rubbers free today. This offer ends tonight. F. L. Quatsao, advertiser of facts.

At 9:30 o'clock this morning what proved to be one of the longest freight trains that has pulled out of Janesville in some time, left over the Chicago & Northwestern road. It consisted of seventy-eight cars the majority of which were heavily loaded. It was a "double header" bound for Baraboo.

Bishop Nicholson will favor Janesville with a visit and on the evening of Thursday, Nov. 17, he will preside over what promises to be an interesting meeting to take place in the Christ church parish house. One of the objects is to form a society that for its purpose will work along about the same lines as does the Twilight club.

FORECAST OF WEATHER

Chicago, Nov. 5.—[Special].—Forecast for Wisconsin: Showers tonight and cooler on Sunday.

FRANCE GIVES UP.

She Decides to Withdraw Her Forces from Fashoda.

London, Nov. 5.—At the banquet given Maj.-Gen. Lord Kitchener Friday night Lord Salisbury announced that he had received information from Baron de Courcel, the French ambassador, that "the French government had come to the conclusion that the occupation of Fashoda was of no sort of value to the French republic, and thought, under the circumstances, that to persist in its occupation, which only cost money and did them harm, merely because some people thought it might be disagreeable and unwelcome, would not show the wisdom by which the republic had uniformly been guided."

"Accordingly, they have done what I think every government would have done if in the same position," he said; "They have resolved that the occupation must cease."

"Information to this effect had been conveyed to the French authorities at Cairo. This gratifying result was largely due to the chivalrous diplomacy of the Sirdar at Fashoda. "I must not be understood as saying, however, that all causes of controversy with France have been removed. It is probably not so. I dare say we shall have many discussions in the future, but a cause of controversy of an acute and dangerous character has been removed. We cannot but congratulate ourselves upon this fact."

To Fight Lacombe's Decision.

Washington, Nov. 5.—Judge Lacombe's decision in the case of the Tradesmen's National Bank, New York, that an execution can be levied against the assets of a national bank in the hands of the controller prior to the appointment of a receiver, will be carried to the supreme court. This decision is considered rather extraordinary, and if upheld will allow persons who secure an attachment against a bank to secure all the funds due them, and the other creditors will have to be satisfied with a pro rata division of what is left after the judgment has been satisfied.

Mysterious Explosions.

Zanesville, O., Nov. 5.—A terrific explosion at 10:45 last night was heard throughout the three counties of Muskingum, Morgan and Guernsey. The shock rocked buildings in this city like an earthquake. So far, however, all efforts to discover whence the shock originated have proved futile. That it is something other than the quaking of the earth seems certain from the very distant report like the firing of a cannon which preceded a long reverberating rumble.

Cuban Smallpox Epidemic.

Santiago de Cuba, Nov. 5.—Capt. R. S. Woodson, the medical officer who accompanied Col. Hood to Gibara, returned to Santiago Friday and made a verbal report to Gen. There are more than 5,000 cases in the district, and half of the town of Gibara is infected.

MR. FISHER SAYS THERE IS NO RING

CANDIDATE FOR SHERIFF
WRITES A LETTER.

Says Every Man on the Ticket Was
Fairly Nominated, and That He
Supports It Cordially. The Sever-
al Towns Hold the Balance of
Power.

The chief argument used by the democrats against the election of Wm. H. Appleby is, that his nomination was brought about by a political ring or combination. Such chaff will not be considered by any republican or other voter of sense, although it may mislead those who are thoughtless or vacillating. Certainly no one knows more about the inside history and workings of the late republican county convention than Ira U. Fisher, who was Mr. Appleby's leading opponent in that convention. He canvassed Rock county thoroughly, seeking support. In a recent letter to Thos. S. Nolan, chairman of the republican county committee, Mr. Fisher says:

Footville, Wisconsin, Oct. 22, 1898.—Thomas S. Nolan, Chairman, Etc., Janesville, Rock County, Wisconsin.—Dear Sir—I have heard that there are reports in circulation to the effect that I am dissatisfied with the outcome of the late Republican County Convention, which was held for the purpose of nominating county officers; and that I attribute my defeat as a candidate for sheriff before that convention to a political ring. I wish to state to you and I desire you to make it as public as you deem proper that while I desired the nomination, yet I feel proud of the showing I made. I received forty-one (41) votes on the first formal ballot. R. J. Maltress twenty eight (28) votes; W. B. Andrew (3) votes; and William H. Appleby the remainder, constituting the majority. I do not believe there is any ring in the republican party of Rock county. The cities of Janesville and Beloit cannot alone nominate; it requires the assistance of some of the townships. Mr. Appleby received the support of the delegates of at least 8 townships of the county in addition to those of Janesville and Beloit. I intend to support the entire ticket at the coming election, and I think every republican in the county should do the same, and I firmly believe that every man on the ticket, including W. H. Appleby, was fairly nominated. Respectfully,
I. U. FISHER.

Salt Rheum Has Disappeared

How It Was Cured.

"Salt rheum appeared on one of my wrists, extending nearly to the elbow. It troubled me for a year. Then it disappeared from this arm and came out on my other wrist and arm, also on my face and head and different parts of my body. The itching was beyond description. No medicine that I tried would do me any good. One day I got a bottle of Hood's Sarsaparilla and began taking it. I found it helped me. I procured another and when I had taken it the itching was relieved, and the third bottle cured the eczema on my face and head. Hood's Sarsaparilla keeps my system toned up and gives me a good appetite." O. E. HAINES, Atkin, Minnesota.

BRUTAL TREATMENT OF DOG

Second Ward Resident May Soon Appear
Before the Court.

Brutality on the part of a Prospect avenue resident in the clubbing of an innocent six months old puppy till it was all but dead, may lead to the swearing out of a warrant for his arrest in the near future. The dog belonged to Mrs. Elizabeth Zeininger, of 17 Milton avenue, and is alleged to have killed chickens. Yesterday afternoon the person in question called the dog into his yard, and the little fellow went over. No sooner had he got inside than he was dealt several terrible blows that made his little body a mass of bruises. One of his eyes was knocked from his head. This was all done while Mrs. Zeininger looked on helpless to interfere. Dr. Roberts worked over the little sufferer during the night and it may live. Complaint was made to President Palmer, of the Humane society.

OSTEOPATHY AND DIGESTION

Basis of Good Health Can Be Insured by
Reliance on the New Science.

"As a man thinketh in his heart so is he." This truth determines his moral status. None the less true it is that as a man talketh and thinketh so is he physically, providing his functional activities are normal and his moral and physical forces are interdependent. The palate and the stomach are not always on friendly terms. Food that is agreeable to the former is often very distressing to the latter, and why? Because appetite and digestive power are not always allied forces.

A man's appetite may call for food containing the very nutritive for which his body is starving, but that machinery—for man is truly a machine—known as his digestive organs are so deficient in vital power as to be absolutely unable to extract and appropriate the nutrient elements of the food taken, and he wonders why he is so deficient in flesh and strength when he eats so well.

As the impairment of digestion and assimilation progresses, more or less distress is felt after eating. It is at this juncture that the unoffending stomach is further cumbered with the addition of pepsin and bismuth. Here the effect and not the cause is arrived at. The cause is due to some mechanical defect somewhere. The osteopath deals with causes and effects. An osteopath is also an anatomist, and deals with the human body exactly as the skilled machinist repairs an inanimate machine. Osteopathic treatment is very successful in stomach derangements, its effects are felt on the instant.

The following extract from a letter written by Nellie Elizabeth Troost, 1007 Park Avenue, Minneapolis, explains itself:

"I have had stomach trouble for twenty-five years and have been treated for it by several physicians, of Minneapolis and elsewhere without receiving any benefits whatever. My physicians finally advised a surgical operation on the stomach as the only means of relief. I was about to go to a hospital for that purpose when I was asked to try osteopathy. I consented and placed myself in care of Louise P. Crow, D. O. at Hampshire Arms, Minneapolis, and after taking a course of treatment find myself better than I had been since a child. Have gained nineteen pounds and can eat anything without being distressed. Before taking osteopathic treatment, could not sit up one whole day, but now do all my own work which I have never been able to do before. One thing which puzzled the M. D.'s was the gone and strained condition of the tissues of my neck and face which are now filled out as they should be. I can't say too much in favor of osteopathy. Shall be glad to talk with anyone about what those treatments have done for me."

NELLIE ELIZABETH TROOST,
1007 Park Ave.,
Minneapolis, Minn.

Louise P. Crow spoken of in the letter is a graduate of the Northern Institute of Osteopathy and has an office in the Grubb block on West Milwaukee street; she will be pleased to talk with anybody interested in this new science of drugless healing.

STARTLING FACTS!

Dangerous Enemies That In-
vade the Household.

How Health and Happiness May
Be Lost.

Dr. Greene's Nervura As The Best
Guardian.

The faithful wife. The fond mother. The hope and inspiration of the human race. Such are the homebodies.

We may do homage to queens. We may applaud great artists and actresses. We may admire fighting amazons. But it is the home-makers whom we love.

We spare nothing to make the wife and mother happy. We cannot, however, shield her from anxiety, and most of us

are unable to relieve her of the burdens of domestic drudgery. In fact, the average woman insists upon personally carrying the cares of the household even if others do the hardest manual work. It is incessant work and worry that make so many homebodies thin and pale, tired, nervous, irritable and despondent.

The Guardian Angel of the household is Dr. Greene's Nervura for the blood and nerves. The nervous headaches to which the housewife is subject; the exhaustion which no amount of rest will overcome; the melancholy which love and plenteousness cannot remove—all these things vanish under the magic influence of Dr. Greene's Nervura. Why suffer when relief is at hand?

You are welcome to consult with Dr. Greene freely, personally or by letter, at his office, 148 State Street, Chicago, Ill. Dr. Greene charges no fees for consultation and advice.

Philadelphia, Pa., Nov. 5.—A report is current here that a contract has been arranged between the Federal Steel company, the Cambria Iron company, the Pennsylvania Steel company, the Lackawanna Iron and Steel company and the Colorado company, to cover a period of five years, for the maintenance and regulation of the production of steel rails. New York, Nov. 5.—Because of the sudden and serious illness of the veteran actor, Joseph Jefferson, the audience of the Fifth Avenue theater was dismissed Friday night. The illness of Mr. Jefferson is more serious than was supposed at first. He was suffering only from a cold, but his friends now fear that the cold may develop into pneumonia, which at his time of life would be exceedingly dangerous.

Atlanta, Ga., Nov. 5.—Martin V. If it passes it will remove the obstacle which has hitherto prevented Georgia's leading the south in this field.

A Woman's Burden.

This is a story of a woman addressed to women. It is a plain statement of facts too strong in themselves to require embellishment, too true to be doubted, too instructive to be passed over by any woman who appreciates the value of good health.

The women of to-day are not as strong as their grandmothers.

They are bearing a burden in silence that grows heavier day by day; that is sapping their vitality, clouding their happiness, weighing them down with the woe of ill health.

Mrs. Alexander B. Clark, of 417 Michigan Avenue, Detroit, is a typical woman of to-day. A wife with such ambition as only a loving wife can have. But the joys of her life were marred by the existence of disease.

Suffering as thousands of her sisters have suffered, she almost despaired of life and yet she was cured.

To-day she is well! She wants others to profit by her experience; to grow well; to enjoy health; to be as happy as she is.

"For five years I suffered with ovarian trouble," is Mrs. Clark's own version of the story. "I was not free one single day from headache and intense twitching pains in my neck and shoulders.

"For months at a time I would be confined to my bed.

"At times black spots would appear before my eyes and I would become blind. My nerves were in such a state that a step on the floor unsettled me.

"Eminent doctors, skillful nurses, the best food and medicine all failed. Then I consented to an operation. That, too, failed and they said another one was necessary. After the second I was worse than ever and the world was darker than before.

"It was then I heard of Dr. Williams' Pink Pills for Pale People.

"I heard that they had cured cases like mine and I tried them.

"They cured me! They brought sunshine to my life and filled my cup with happiness.

"The headache is gone; the twitching is gone; the nervousness is gone; the trembling has ceased, and I have gained twenty-six pounds.

"Health and strength is mine and I am thankful to Dr. Williams' Pink Pills for Pale People for the blessing."

Dr. Williams' Pink Pills have proved a boon to womankind. Acting directly on the blood and nerves, they restore the requisite vitality to all parts of the body, creating functional regularity and perfect harmony throughout the nervous system.

The pallor of the cheeks is changed to the delicate blush of health; the eyes brighten; the muscles grow elastic, ambition is created and good health returns.

Dr. Williams' Pink Pills are sold by all druggists, who universally consider them the most important remedial agent they have to dispense.

STAND BY THE PRESIDENT

William McKinley, President and Commander-in-Chief of the Army and Navy of the United States, represents today honest money and the credit, prosperity and progress of the country as much and more than he did in the memorable campaign of 1896.

Stand by the president in every state in the Union! Vote for men who will vote to sustain him! Vote for republican candidates for congress, and for republican members of legislatures that will elect United States senators! Vote for every candidate identified with the president's party!—N. Y. Sun.

THE STAY-AT-HOME VOTE

The Milwaukee Sentinel discusses the question of the stay-at-home vote in this sensible vein: "In figuring out success for themselves at the polls Wisconsin democrats place their chief reliance on the stay-at-homes in the republican party. To overcome the majority of 100,000 rolled up by the republicans in the election of 1895 they have no issues that will influence the voters. In fact, so far as the issues between the two parties are concerned, there is no reason why there should not be just as large a preponderance of voters in the republican ranks as there was two years ago. It is just as necessary at the present time to vote the republican ticket in order to be sure of a safe national government as it was in 1896. The democrats are still standing by the heresies of the Chicago platform in spite of the repudiation it received at the hands of the people in the election two years ago. They are upholding a bad cause with a zeal that must arouse the commendation of as many, if not more, voters than in 1896. There is a special stimulus to the opponents of Chicago platform to register again their disapproval of it by a big vote, since democrats persist in reiterating their devotion to it.

"It is quite likely that republicans and gold democrats will feel it their duty to turn out in full force in order to bury the Chicago platform so deep that it cannot be dug up again. But aside from this incentive for going to the polls, the discontented republicans would get precious little satisfaction by staying at home and thereby allowing the democratic state ticket to be elected. No republicans in the state, however much they may be displeased with any of the candidates on the republican ticket, can improve conditions by helping elect the democratic ticket, even by the indirect method of staying away from the polls. We do not believe there will be a large republican stay-at-home vote, as the democrats predict, for the very good reason that Wisconsin republicans have had too recent an experience with a democratic state administration to return to that condition of affairs."

CONGRESSIONAL ELECTIONS

The St. Louis Globe-Democrat says: "The congressional elections are only a few weeks away, and naturally a good deal more interest is taken in them than was felt a month or two ago. Nearly all the candidates on both sides have been put in the field. The outlook is extremely favorable to the republicans. The war issues alone would be reasonably sure to give them the victory, but other considerations also help them. A knowledge that if the democrats should chance to win this fall the silver issue would be up in 1900, and the business improvement checked, will turn hundreds of thousands of votes to the republicans which would otherwise remain with the democrats. The people of the

United States have found by forty years of experience that no party can be trusted with the control of the government in critical periods except the republican party. Until all the questions growing out of the war are settled, and until there is an absolute certainty that the Bryanite repudiators are so thoroughly beaten that they will never dare attempt to resurrect the dishonest dollar issue again, the republican party will have to be kept in power."

The Globe-Democrat speaks wisely, and Rock county republicans will commend the sentiment expressed.

Racine Journal—Hon. Clinton Babbitt is disappointed. There is not a vestige of disaffection against the Hon. H. A. Cooper. Republicans are everywhere in the district thoroughly united for Cooper and are going to see to it that he receives as big a majority as ever. No republican will for one single moment entertain an idea of assisting free silver Babbitt to a place in congress.

Fitzsimmons, the prize fighter, is suing the proprietor of a new York hotel for \$50,000 damages, because the hotel man refused him accommodations. Fitz evidently thinks he must keep himself before the public in some manner.

Gov. Holcomb, of Nebraska, says that he is not a party to the efforts being made to secure the muster out of Col. Bryan's regiment. This is supposed to mean that Col. Bryan is playing a "lone hand."

Judge Sawyer rode on railway passes until his boom for governor started. Now that he is the democratic nominee, however, a pass is the most awful thing he can imagine. 'Twas ever thus.

A vote for democracy is a vote for democracy, and no amount of eloquence or buncombe can conceal the fact.

Perhaps the Janesville democratic ring would like to stifle all the local corporations, too.

Lowell is the leading Hardware and Stove dealer in Southern Wisconsin.

We are Blowing Our Own Horn!

In these days of hot competition it behooves the progressive merchant to do a little tooting on his own hook. Some do too much on too little backing; others, too little on a good lot of backing. We do a good deal and have plenty of good, sound stuff to shout loudly on.

Five World Known Stoves

Garland, Radiant Home, Peninsular, Round Oak, Jewel.

Every one a friend and customer maker—each one a peer among its mates.

Hard to Beat this Stove collection; in fact, impossible to equal or beat. If you could in any way find an objection in one Stove one of the others will satisfy you in every way.

Top of the Heap we have been in this season. We prepared for a windfall, and—well—we "got" it. Buyers were more than plentiful. The more Stove purchasers looked the field over the more they became convinced of our Stove efficiency. Stove buying is not over by any means and we are pleased to say we are as well prepared today to suit all comers as at any time.

A Pointer about prices—There has always been one great secret about our rapid Stove selling and general good business. Not a secret either—just low prices even with the high qualities of our goods. We don't believe in bleeding our customers; business is not all done in a day or a year.

It is possible to sell once at high prices but it don't go more than once. Our record of over thirty years of increasing hardware and stove business is clear from high prices. Lowell is never undersold. *TIN WORK, did you say? We can do it in a hurry. Plenty of men, plenty of tools, and plenty of desire to catch your trade.

A JANESVILLE MAN IN PHILIPPINES

GEORGE AIKEN WRITES AN INTERESTING LETTER.

Says the Soldiers Could Never Take the Town—City Has All Modern Improvements—Street Railway Employees Want American Wages—Fear the Insurgents.

George Aiken, a Rock county man, is now at Manila wearing the uniform of Uncle Sam's volunteer army, and writes an interesting letter to Janesville friends. Mr. Aiken enlisted at the outbreak of hostilities in Company G, First Wyoming regiment, he being in that state when President McKinley called for volunteers. In a letter to F. W. Aiken he says the soldiers do not have much to do, and are allowed considerable liberty. Not until recently, however, were the soldiers allowed to go down town. They have been held in readiness to get out and fight on a moment's notice, and do not know one hour, where they will be the next.

"We are stationed," he says, "just outside the old town, about 400 yards from the wall in the old Spanish quarters, and could not ask for a better place. No doubt you know more about the way Manila was taken than I do, as I do not know what happened outside of our own battalion. We did hear bullets whistling over our head, but not a man was hit. We came over the trenches where one of Devvey's shells struck, and saw six Spaniards, torn all to pieces. I should like to have gone over the trenches, but we had to push on to Manila. Now the insurgents hold the trenches that we occupied."

Papers Are Old

Mr. Aiken says the last paper he saw was dated Aug. 4 and expressed the desire to see the later issues.

"I suppose," he says in continuing, "that the war question is now all settled except as to the Philippines and I should like to know what is to be done with them before I leave here."

"So the United States did annex the Hawaiian islands. They have the best fruit I ever saw and all varieties, too. The climate is about the same the year 'round."

Mr. Aiken judges that the Philippine islands are rich if Manila is the criterion. The town, he says, is wonderful, while the big wall is a marvelous structure.

"It must have taken years to build this wall," he says. "It is of the finest stone. No number of soldiers could have taken the city. The Spaniards trimmed up all the trees and cut down all the bushes, so that the space before the wall was all open."

"I wish you could see some of the churches—just like old time castles. They make a man's blood chill—dark and ugly, and worse than a jail."

Horses Are Dwarfs

"I do not see how the people got stone enough to build with. The only way they have of moving things is with buffalo and ox carts. They use nothing but carts, and the horses are all as small as Shetland ponies."

"The latest report is that Spain is holding the islands, and we will be shipped back when the Spanish soldiers get here."

"All the business in Manila, he continues, 'is done in the new town. The business blocks and stocks of goods are as fine as will be seen anywhere. The natives have a weakness for finery. When they haul in their produce they buy jewelry, pianos, etc.'"

"I have seen," he writes, "in an old bamboo shanty, an upright piano that would do credit to President McKinley's parlor. There are different grades of natives—from silk and diamonds down to the naked fellows who look more like monkeys than anything else. Some of the men can carry more on a stick across their shoulders than two of us could lift from the ground. The women all carry fruit in baskets set on top of their heads. In this way I have seen them carry jars of water that they could not lift alone."

"It used to be amusing to see the insurgent army passing our camp on the way to their trenches. They go straggling along like sheep, carrying guns of all descriptions—old flint locks, muzzle loaders, blunderbusses, Springfield and Mauser rifles. Some are even armed with spears. I do not see how we can disarm them unless we round them up like they do cattle in Wyoming."

Much Fine Timber

"There is fine timber on these islands. We burn mahogany and rosewood to cook with. And bamboo! I have seen poles long enough to reach across Rock river. Everything the natives have is made of bamboo."

"We were camped on peanut farms, outside the city. Acres and acres were destroyed, but then are enough left to supply the country."

Mr. Aiken says that the flowers that Wisconsin people grow in hot houses, flourish like trees out-of-doors at Manila, and are the handsomest he ever saw, although they are not all fragrant.

"There were only twenty-five English men at Manila," he says, "and you never saw such a tickled lot of people as they were the day we came. They had been living in fear of their lives for the last six months. But when we arrived, they knew they could sleep in peace. I was talking to an Englishman while on guard the other night. He said that if the American soldiers were taken away, the English would have to move out. The insurgents, he said, hate the Spanish, and would never leave them in peace. The Spanish have butchered the natives in every form and killed native children before the parents' eyes. The American soldiers turned about seventy-five natives out of a Spanish prison, when they were being tortured to death,

so I don't blame the natives for feeling that way."

Natives Say Down Arms

"Last evening the natives marched around the park and laid down their arms, so we do not need to fear them any more. I have wished the natives would fight so that we could have a chance to shoot those guns, once, anyway. All we have used them for so far is target practice."

"I do hope these islands will never get back under Spanish rule for the sake of the poor natives. They are smarter than Chinamen. When the natives who are employed on the one horse railway here found out what the street car men in America were paid, they struck for higher wages—and got the raise too."

"I never saw a better lighted town. They use electric lights, and night is as light as day. The old town, however, is a dingy place—narrow streets, and every building looks like a prison. Here, in the barracks, is a death chamber and judging from the looks of the wall, many a native has been shot here, because he did not pay his taxes. 'Schlitz beer sells here for eighty cents a quart, and brandy costs seventy-five cents a quart. You can buy the finest cigars you ever smoked for one and two cents each, but meals cost \$1.50 at a restaurant. The drinking water here is very warm. I have not had a good drink of water since I left Wyoming."

GIRL STOLE A BIKE AND WAS LOCKED UP

MISS GRACE THOMAS IS IN TROUBLE.

Rented the Machine of Frank F. Pierson, Rode it to Delavan, Sold It For Four Dollars and Then Came Home—Other Court Cases.

Miss Grace Thomas, aged seventeen, has been arrested on the charge of having sold a bicycle belonging to Frank F. Pierson. Miss Thomas rented the wheel of Mr. Pierson Wednesday noon, giving her name as "Miss Davenport." She rode the machine to Delavan, where she sold it to a bicycle repair man for \$4, saying that she was a school teacher.

When the girl did not return, Mr. Pierson suspected that all was not right, and notified Chief Hogan. It was found that the girl had just returned from Delavan. When questioned by Chief Hogan and Mr. Pierson she finally admitted her guilt, and the Delavan marshal was notified to send the bicycle to Janesville by express.

Miss Thomas resides with her mother on Center street. Her father resides at Whitewater. She was much distressed when she learned of the consequences of her act.

Miss Thomas was brought into court this afternoon and the case was adjourned till next Wednesday at 9 o'clock. In default of \$100 bail she was remanded to jail.

The property owned by the company at the corner of Marion, Milwaukee and Wall streets will also be improved and turned into a beautiful park. Mrs. A. E. Pyramid Pile Cure Cures Piles Quickly.
Painlessly. Without Danger.

People go along for years suffering
with piles. They try this, and that and
the other thing: from carrying a buck-
eye to getting treatment from a physi-
cian. They obtain temporary relief,
maybe, but they are never quite cured.
A little strain in lifting, excessive fa-
tigue, a little constipation or a little
diarrhea and the piles come back.

They don't seem to amount to much,
but they banish sleep and appetite. No
poison is comfortable. There is intense
local pain and that dreadful feeling of
weight in the perineum.

Maybe in the early stages some of
the many salves on sale will afford tem-
porary relief. If the case is of long
standing there is only one speedy and
sure remedy. It is Pyramid Pile Cure.
Even in light cases it is the safest thing
to use. Other applications may cure
and may not. Pyramid Cure is always
certain, always reliable, always brings
comfort at once. Its prompt use saves
months of severe suffering. In extreme
cases it will save surgical operations
and their attendant dangers and discom-
forts. It is better than a knife. Will
cure easier, quicker and safer. Thou-
sands have used it. The cost is trifling
compared with what it does. The price
is 50 cents. Most anybody would glad-
ly pay ten dollars to be rid of piles.

Because

DR. J. J. THOMAS says: "It is incomparably superior to any extract of

tested others, and yours is four times as strong as the best."
DR. J. C. MICHIE says: "Pond's Extract of Hamamelis Virginica is
the only reliable article I have found."
DR. H. K. WEILER says: "The difference between Pond's Extract and
so-called Witch Hazel is the difference between a cent and a dollar."
DR. H. F. MERRILL says: "It is far superior to any I have used in
strength and purity."
DR. R. J. HARRISON says: "I have never found any extract equal to Pond's."
DR. POWELL says: "Hereafter I shall use no other than Pond's Extract."

ELECTION NOTICE.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock on the eighth day of November, 1898, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire, alone, to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. (If it be a general election these words are to follow: The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates have been erased, or a cross mark be placed opposite the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X, after the name of each candidate he desires to vote for.) If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum, to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are, for example, as follows:
